**Repeat Infringer Notices**

Dear Mr. Cadenhead:

DigitalRights monitors P2P networks for copyright infringements, noticing the relevant ISP of infringements on its network. Between 03/01/11 and 01/09/2012, we have sent 452,665 infringement notices to you regarding 1657 repeat infringers of the copyrights we are authorized to enforce.

We are still unaware that you have forwarded any of our notices. Many ISPs forward our notices and participate in our program. We continue to propose a cooperative solution to this problem that stops short of termination.

1. Forward the 452,665 infringement notices DigitalRights has sent to abuse@cox.net to the appropriate Cox subscribers;
2. Suspend the infringer's service temporarily until the copyright infringement detailed in the notice has been settled; and
3. Reconnect the infringer when DigitalRights notifies you the infringement has been settled.

In exchange for such cooperation, our clients will be satisfied with Cox's level of compliance and will consider the matters closed. Thus, Cox will not be required to terminate service to these repeat infringers in order to maintain any "safe harbor" protections to which

you may be entitled or expose Cox to claims of contributory or vicarious infringement.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark McAlister". The signature is fluid and cursive, with the first name "Mark" being more prominent than the last name "McAlister".
